

HELEN THACKSTON CHARTER SCHOOL (TIPS FOR PARENTS)

Tip #1

Making Homework Important

Setting a Regular Time for Homework:

-Find a time that works well for children and parents. Consider child's age and specific needs when choosing a time, avoid late evening before bedtime whenever possible. Setting time aside daily for school work will show that homework is a priority and will discourage students from "forgetting" to bring home assignments, reviewing notes, and studying for tests. Consistently focusing on the importance of homework will quickly show results in the classroom.
